To An Underclassman:

Auggie Cibarich to Bob Shuenke, all slivers that bench collectors get next football season.

Darrell Acker to James Vigue, all the paint a painter needs to make a sign.

David Lund, his monitor's post, second floor outside of the girls' gym to any underclassman who has a wanderlust.

Marilyn Friedman wills her Florida tan to any member of the swimming team that needs it.

Marilyn Bauman to Karen, her swimming suit and cap to keep her warm when the water's cold.

Lawrence Franecki, to Dave Pavolick, his pair of safety shoes for those rugged days behind stage.

Dick Fix to Jack Wintkowski, his ability to get along with Miss Kopsar.

Alvo Cherne, his height to a varsity basketball player with the initials J. K.

Bill Tomaszewski, his shoes for two freshmen to fill.

John Bauman wills his big feet to Tom Michelson so he can paddle around the pool.

Stanley Chojnacki, his law book with all the answers to any student who wants it (free of charge).

Bob Jannas, Marvin Singer's eraser, which is on an electric light fixture in room 35, to any student who is interested in saving money, even a nickel.

Jane Hagland wills her speech book to those students who love to talk.

Eddie Mulzoff, his ability to stay out of school at least twice a week, to any underclassman.

Pat Batagowski wills her patience to working on prom decorations to some poor soul.

Mary LaGrange wills her headaches to Arlene and Shirley, future annual editors.

Gloria Liss, her physics book to anyone who will have it.

Camille Marenda, to anyone who wishes to read their own handwriting, her pen.

James Sierszyn, his respect for other people's property, to the Witter twins.

Hildegard Thomsen, to anyone who will be an aspiring star, her name (Hildegard only).

Rita Golembiewski wills her ability to keep dates, to all her friends.

Mary Ann Sobieski wills her stolen paints and brushes to the person who so tactfully borrowed them.

Jo Williamson wills her ability to walk the halls without a pass, to her future brother (in-law) Bobby Berthelsen.

The entire Cavalier Annual Staff wills their aches and pains to the poor souls who are now working as messengers.

From One Senior to Another:

To Tom Gilhes, future educator, the book "Live and Learn," for information on where to obtain the above book, Tom, see Donald Radtke.

To Dell Brzezinski, a recording of "Lucky in Love" with emphasis on the line "I don't mind if at poker you're green — (now don't blush.)"

To Juliane Douglas, a year's subscription to the magazine "Sweet Potatoes," and we do mean sweet.

To Bernadine Bonk, a Best Seller, since she likes to work as a sales clerk.

To Joan Kotlarek, Einstein the II, a head of cabbage, because two heads are better than one.

To Joan Wilcox, future dental hygienist, a can of whitewash to keep teeth "Lovely to Look at."

To the housewife of days to come, JoAnne Zophy, a balloon to make her bread rise.

To farmer, Monty Holman, a greenback to show, "How green was his valley."

To journalist, Dick Fix, a package of turns to help him digest the news.

To Mary Kwiatkowski, an answer book so she will know when to tell her future students, "that's right, you're wrong."

To swimming champ, Alvo Cherne, a package of life savers.

To basketball star, Bill Tomaszewski, a law book, for he works so well on a court.

To Mary La Grange, future actress, a needle and thread to keep her audience in stitches.

To Nancy Wendt, a future school teacher, a bag of coffee beans all ready to use to help her students be "good to the last drip."

A halter and saddle to Connie Czajkowski to use when people complain "I'm a little hoarse today."

To Don Biedatch, future WPA worker, a shovel for the "Pause that Refreshes."

A nose guard to Ursula Fleischer, because she has such a wonderful nose for news.

To tennis stars, Eddie Mulzoff and Dick Kurth, a few rubber balls to quiet their bouncing personalities.

To annual editor, Douglas Koch, a pair of scissors to help him cut out his errors in college.

To Milton Foelske, Van Johnson's clothes rack, because with that length he needs a new set of trousers.

To Bill Baum, Jimmy Durante's nose, because with that snoze you can't miss (or be missed).

To Wayne Kneser, a report card already marked and signed so he won't have to forge anything, not even a name.

To Frank Nowicki, a hope that he pursues his chosen profession because he gets on well with counselors.

To future telephone operator, Joyce Williamson, a wish that certain bells will ring soon.

Betty Slawinski wills her knowledge of the annual to the underclassmen who are: Gene Mader, Donald Bilicki, and Russell Knight.

A sepia-toned photograph of a crowded street scene. In the foreground, a person is walking towards the camera. To the left, a group of people is gathered near a building. In the background, more people are visible on the street, and buildings line the sides. The overall atmosphere is busy and historical.

FASHION

What price fashion? A senior cast under the direction of Miss Schwaab answered with a five act presentation of Anna Cora Mowatt's Fashion, or Life in New York. The play involves love, intrigue, forgery, blackmail, a phony count, a would-be socialite and her hen-pecked husband, and a laugh a minute

The cast of characters includes.

Adam Trueman — a farmer from Catteraugus . . . Raymond Lutz — Count Jolmaitre a fashionable European Importation . . . Gerald Dominak — Colonel Howard, an officer in the U. S. Army . . . Jack Regensberger — Mr. Tiffany, a New York merchant . . . Thomas Bruckwicki — T. Tennyson Twinkle, a modern poet . . . Don Ratke — Augustus Fogg, a drawing room appendage . . . Donald Warwick — Snobson, a rare species of confidential clerk . . . Ray Hanrahan — Zeke, a colored servant . . . James Drost — Mrs. Tiffany, a lady who imagines herself fashionable . . . Nancy Wendt — Prudence, a maiden lady of certain age . . . Penny Scott — Millinette, a French lady's maid . . . Jeanine Willette and Betty Yianopulos — Gertrude a governess . . . Doreen Ostermick and Lois Gut — and Mary La Grange as Seraphina Tiffany

THE MAINTENANCE DEPARTMENT

Who is it that keeps our building clean? Who is it that keeps Pulaski warm in winter and cool in summer? Who is it that keeps our campus free from wastepaper and debris? Who is it that empties the wastepaper baskets every eighth hour? Who is it that waxes the floors and desks during the vacations, and washes the blackboards over the week-ends? Who is it??? Why the maintenance department, of course. Under the leadership of Mr. Walter Bauch, a capable staff of men and women endeavor to keep our school and campus in the best possible condition. This department deserves the thanks of every student and member of the faculty for making Pulaski a healthful and inviting place.

JUNE PROM

Leading stars in *Stardust*, the Junior Prom, were Bill Tomaszewski and Nancy Wendt. The members of the court of honor were Dick Kurth and Betty Yianopolus, Robert Stelter and Marlene Breidung, Frank Nowicki and Camille Marenda, Eugene Pawlowski and Irene Grezlek, Brian Bednarski and Dolores Ziakowski, Quentin Borucki and Margaret Grajek, and James Olson and Barbara Rentner.

The starry touch was given by members of the decoration committee who tacked up multi-colored stars on the walls of the gym.

STAGE CREW

When the time comes to hand out bouquets, let the unsung heroes behind the scenes — our stage crew, be first in line. It is they, who, in the final analysis, are responsible for a successful production. In their hands rest the failure or success of the Spring Concert, class plays, noon hour entertainments, and special auditorium programs familiar to everyone. On the job all the time, they insure a smooth running, precisely executed program. The "backstage boys" perform their duties silently and efficiently, always eager to please. Such service is appreciated when time is precious. Take a bow boys — you deserve it!

STAGE CREW

LEATHER CLUB

Organized in September of 1947 for the purpose of acquainting students in the use of leather as a means of avocational interests and better consumer buying. The two clubs met on Monday and Tuesday of each week and learned the fundamental steps of working with leather. Tooling, decorating, embossing dye coloring and hand lacing were a few of the operations taught in this club. Objects made were book marks, coin purses, billfolds, purses, camera cases, book ends and jewelry cases.

MOVIE-MAKING CLUB

Last fall an enthusiastic group gathered in room 104 eager to begin shooting scenes for its first movie. Some members already were amateur photographers, while others were without experience. Thus was organized at Pulaski the first Movie-Making Club. Officers were elected to help direct the club, which is sponsored by Miss Asimont.

Because the purpose of the club is to produce motion pictures of interest to Pulaski students, the first production was the homecoming football game. Since then the members have expended all their efforts on a movie about activities of the school day. Entitled "This Is Our School," it shows students on their way to and from school, attending classes, and participating in co-curricular activities.

QUILL AND SCROLL

Among Pulaski's student journalistic achievements, the Quill and Scroll is outstanding. Membership in this club, which has chapters located in nearly every state in the Union, and also in Hawaii, Alaska, Canada, England, New Zealand, and China, has become one of the most coveted awards bestowed on high school journalists. Membership is limited to those students who rank in the upper third of their class in general scholastic standing, and must have done superior work in some phase of journalistic creative endeavor.

SPANISH CLUB

SPONSOR
Miss Annette Flynn

In order to understand and speak the Spanish language and to acquaint themselves with Spanish American countries, *Los Caballeros* meet alternate Wednesdays and enjoy singing, games, movies, or talks. To increase members' knowledge of Pan-American countries, a series of travelogues was given by club members during the semester. Each senior and senorita was assigned a special country. After investigating all the information about his country supplied by such sources as travel bureaus the member delivered his travelogue.

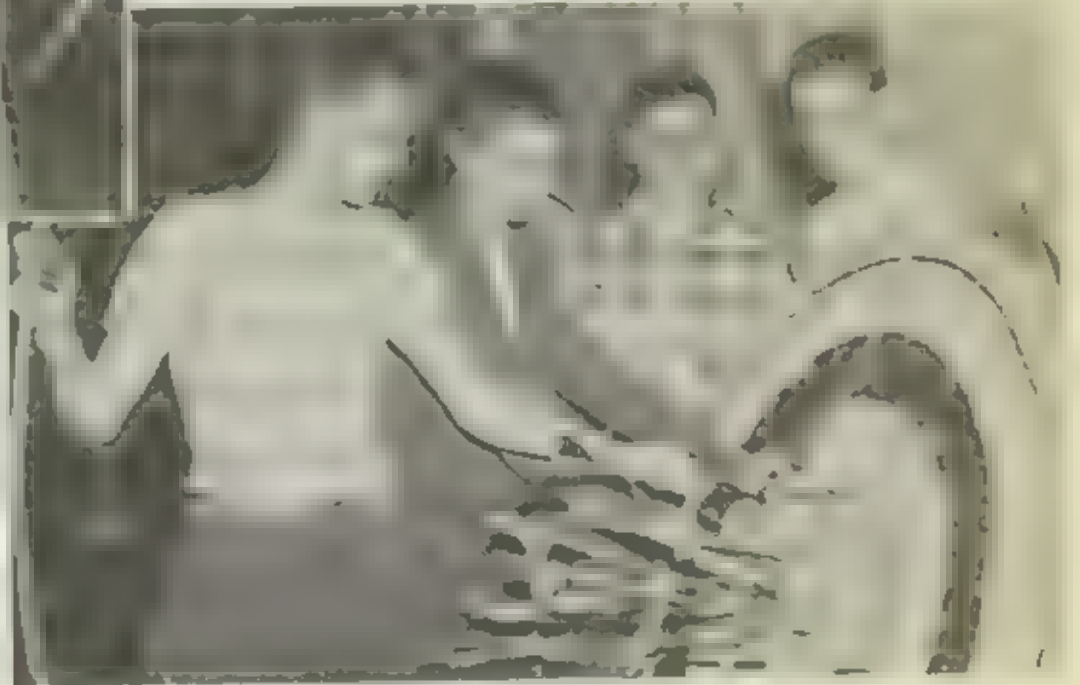

First semester officers were: president, Nancy Wendt; vice-president, Tom Frank; secretary, Paula Stammbach; and treasurer, Richard Ripple. Elected during the second semester were: president, Tom Frank; vice-president, Norvin Knutson; secretary, Paula Stammbach; and treasurer, Daniel Draper.

ARCHERY CLUB

This club, sponsored by Mr. Wielgosz, is one of the most active clubs in school. Already, certain members of this club have taken a trip to Madison to compete against Madison West High School. These boys are Tom Mickelson, Jean Phillip, Alvo Cherne, and Ken Knoll. While on the trip Mr. Wielgosz lined up a few archery meets with Fond du Lac High School.

The main idea behind this club is to teach the boys how to shoot correctly so that in a few years Pulaski High School will have a good opportunity of placing in the state meet.

HOME ECONOMICS

SPONSORS: Miss Mohr, Miss Poundstone, Miss Zillmann.

The Home Economics Club was organized to further interest in healthful and practical home living and leisure time activities.

Phases of the club's work include promoting charitable activities such as sending Friendship boxes overseas, taking charge of Junior Red Cross drives, the filling of Thanksgiving baskets, and assisting at the school banquets, teas, faculty parties, and inter-school functions.

The club has many well-known speakers in the various fields of Home Economics.

Faculty members, who have had recent travel experiences, have given very interesting talks to the club.

The Christmas Sale is one of the club's recent accomplishments. Money earned from the sale has been used to purchase special equipment for the school.

CHEMISTRY CLUB

Pulaski's Chemistry Club, under the supervision of Mr. Filipiak, is affiliated with the Science Clubs of America and the Wisconsin Junior Academy of Science.

Our Chemistry Club members have been making chemical gardens, soap, color magic, and testing of many chemicals. The purpose

of the club is to give the student who is interested in chemistry an opportunity to get more practical chemistry than he or she gets in their chemistry classes. It also gives those who are not taking it an opportunity to continue their interest in chemistry.

SCIENCE CLUB

Pulaski's Science Club, sponsored by Mrs. Kopatzke, maintains a varied program of both group and individual projects. Field trips give a student vocational ideas as well as an opportunity to see how various sciences are applied. They are an ideal addition to the text book explanations and diagrams. Members have had the opportunity to see the expensive equipment of several laboratories they have visited.

By such means as watching a demonstration of how analytical balances are manipulated and viewing a microscopic plant magnified 900 times under a binocular microscope, the students gain an insight into the precise work of the scientist. Individual experiments and projects are also carried out to fully develop the skill of the young scientist.

CLUBS

AUDIO VISUAL CLUB

The Audio Visual Club has for its members all the boys on the P.A. and Projection crews. When a boy joins one of the crews, he automatically becomes a member of the club. The object of the club is to acquaint the boy with the operation of the different pieces of equipment in order to insure their efficient operation. All new methods of audio visual training are thoroughly discussed as they come up. It is a very interesting and educational club to belong to.

BASEBALL CLUB

Baseball Rules Interpretation Club, sponsored by Mr. Pelkowski, is organized for the purpose of learning the rules pertaining to that sport. Discussions of intricate and confusing problems are carried on and solved at the weekly meetings. At times some of the problems are so complex that it becomes necessary for the president of the club to write for an official opinion to the major league rules committees. When the correct decision is returned to the club it ends all arguments on that point. In the course of the school year the club has seen several movies on various phases of baseball.

GERMAN CLUB

This club, under the sponsorship of Miss Hettwer, is organized for the serious student who is anxious to develop and perfect his pronunciation, enunciation, and general phrasing in German. A conversational vocabulary is developed by means of choral reading, enactment of skits, retelling anecdotes; each student will have the use of the recording equipment to note his own progress at various intervals. The work is purely oral with no grammar or composition, no grades, marks, or no credit.

POLISH CLUB

The Polish Club has a long and interesting history. The aims and activities have been many and varied, the members having had programs of educational and social activities. Among the activities are dancing, music — both instrumental and vocal, book reviews, contests, speeches by guests, and movies. At the end of the year, an outdoor excursion is planned. Recently, the members have been sending boxes of clothing to Poland.

Miss Philipkowski is advisor to the club. The first semester president was Jeanette Bukalski, and during the second semester Gertrude Waier assumed the prexyship.

GIRLS' CLUB

The Girls' Club is primarily a social organization in which we wish to encourage participation and leadership. We also wish to arrange and complete one charitable project this year. This club is composed only of girls who are willing to work for the organization.

SPEECH CHOIR

Most of the time the Speech Choir, organized in 1941, has been composed only of girls, but in 1946 it consisted of junior and senior boys. The first semester of this year the choir membership was again mixed, but now again it belongs to the ladies.

Through group interpretation, the members arrive at a genuine appreciation of poetry. Any Thursday eighth hour you might hear "I ride on the mountain tops, I ride" from *The Joy of the Hills*, or "zoom, zoom" from *Foreboding* as the choir rehearses in Room 216 under the sponsorship of Miss Ruedl.

STAMP CLUB

This club was organized to give all high school stamp collectors a centralized meeting place where they could exchange hobby ideas. Stamp collecting is fostered through exchange, displays, talks, and auctions. Collectors are urged to diversify their hobby interests. A few collect stamps of foreign countries but most of us concentrate on United States stamps. Club life is informal, members freely interchanging hobby information. Stamp catalogues, magazines, and newspapers are available to keep collectors up to date.

BLUE MASK

Under the sponsorship of Miss Richards, Pulaski's oldest club — Blue Mask — has been unusually active this past year. This is the means by which Pulaski's dramatic talent manifests itself. Membership in this club was not open to beginners, the members being held over from last year's speech achievement. They met Wednesdays in two sections. The noon hour Harvest Program was rendered under the auspices of the Blue Mask. Its "coup de theatre" was the elaborate all-school Christmas play, *"Tonight the King."* With a declamatory contest and Blue Mask banquet for spring activities, the dramatic club finished its dramatic season.

CAFETERIA

Our cafeteria is the meeting place for students during the noon hours. After obtaining their meals from the cheerful cafeteria assistants, they hurry to their assigned tables and eat their lunches while conversing with their friends. Every facility is made available for the convenience of the students. Students may make purchases at the ice cream or candy counters, play checkers or dominoes with equipment provided, or study. All these factors help to make the cafeteria one of the most cheerful places at our high school.

IRISH IDYLL

This one act *Irish Idyll* is a play which reveals excellent Pulaski acting and singing talent, under Miss Pearl Richards' direction.

The Idyll opens in the village of Athlone, where Larry (Tom Bruckwicki) and Kathleen (Esther Smolen) are plighting their troth when they are interrupted by the arrival of Kathleen's rich uncle (Delbert Chmielewski) from America, the owner of the Shamrock Inn on Broadway. He takes Kathleen back to America to sing at his Inn. Larry follows Kathleen and wins back her love. Other members of the cast were Jerry Dominiak, Richard Richter, Wanda Makowski, Don Warwick, and Irwin Brodzik.

OPEN HOUSE

On Friday, November 14, parents were provided an opportunity to meet the teachers of their sons and daughters. Students were not encouraged to attend with their parents as the purpose of the visitation night was for parent-teacher conferences. This visitation night was held during American Education Week. The theme for that week was "The Schools Are Yours," and the slogans were "Visit Your Schools" and "Learn to Know the Teachers of Your Children."

The building opened at 7:15 p. m. at which time parents assembled in the homerooms of their children. A general message of welcome was then given by Principal A. E. Westgaard over the public address system. Between eight and ten, parents then visited teachers. To enable parents to find the rooms without too much confusion, they were given copies of their sons' and daughters' class schedules. Monitors assisted in locating rooms.

There were several bulletin board and art displays. Mexican articles were brought by Spanish students and exhibited in Miss Annette Flynn's room. There was no special auditorium program.

CHRISTMAS PLAY

Tonight the King, the story of the first Christmas in the Holy Land, was presented by an all-school cast under the direction of Miss Pearl Richards, of the speech department.

Authentic Jewish and Persian music of the period was furnished by the school music department under the direction of Mr. Alfred Niefer.

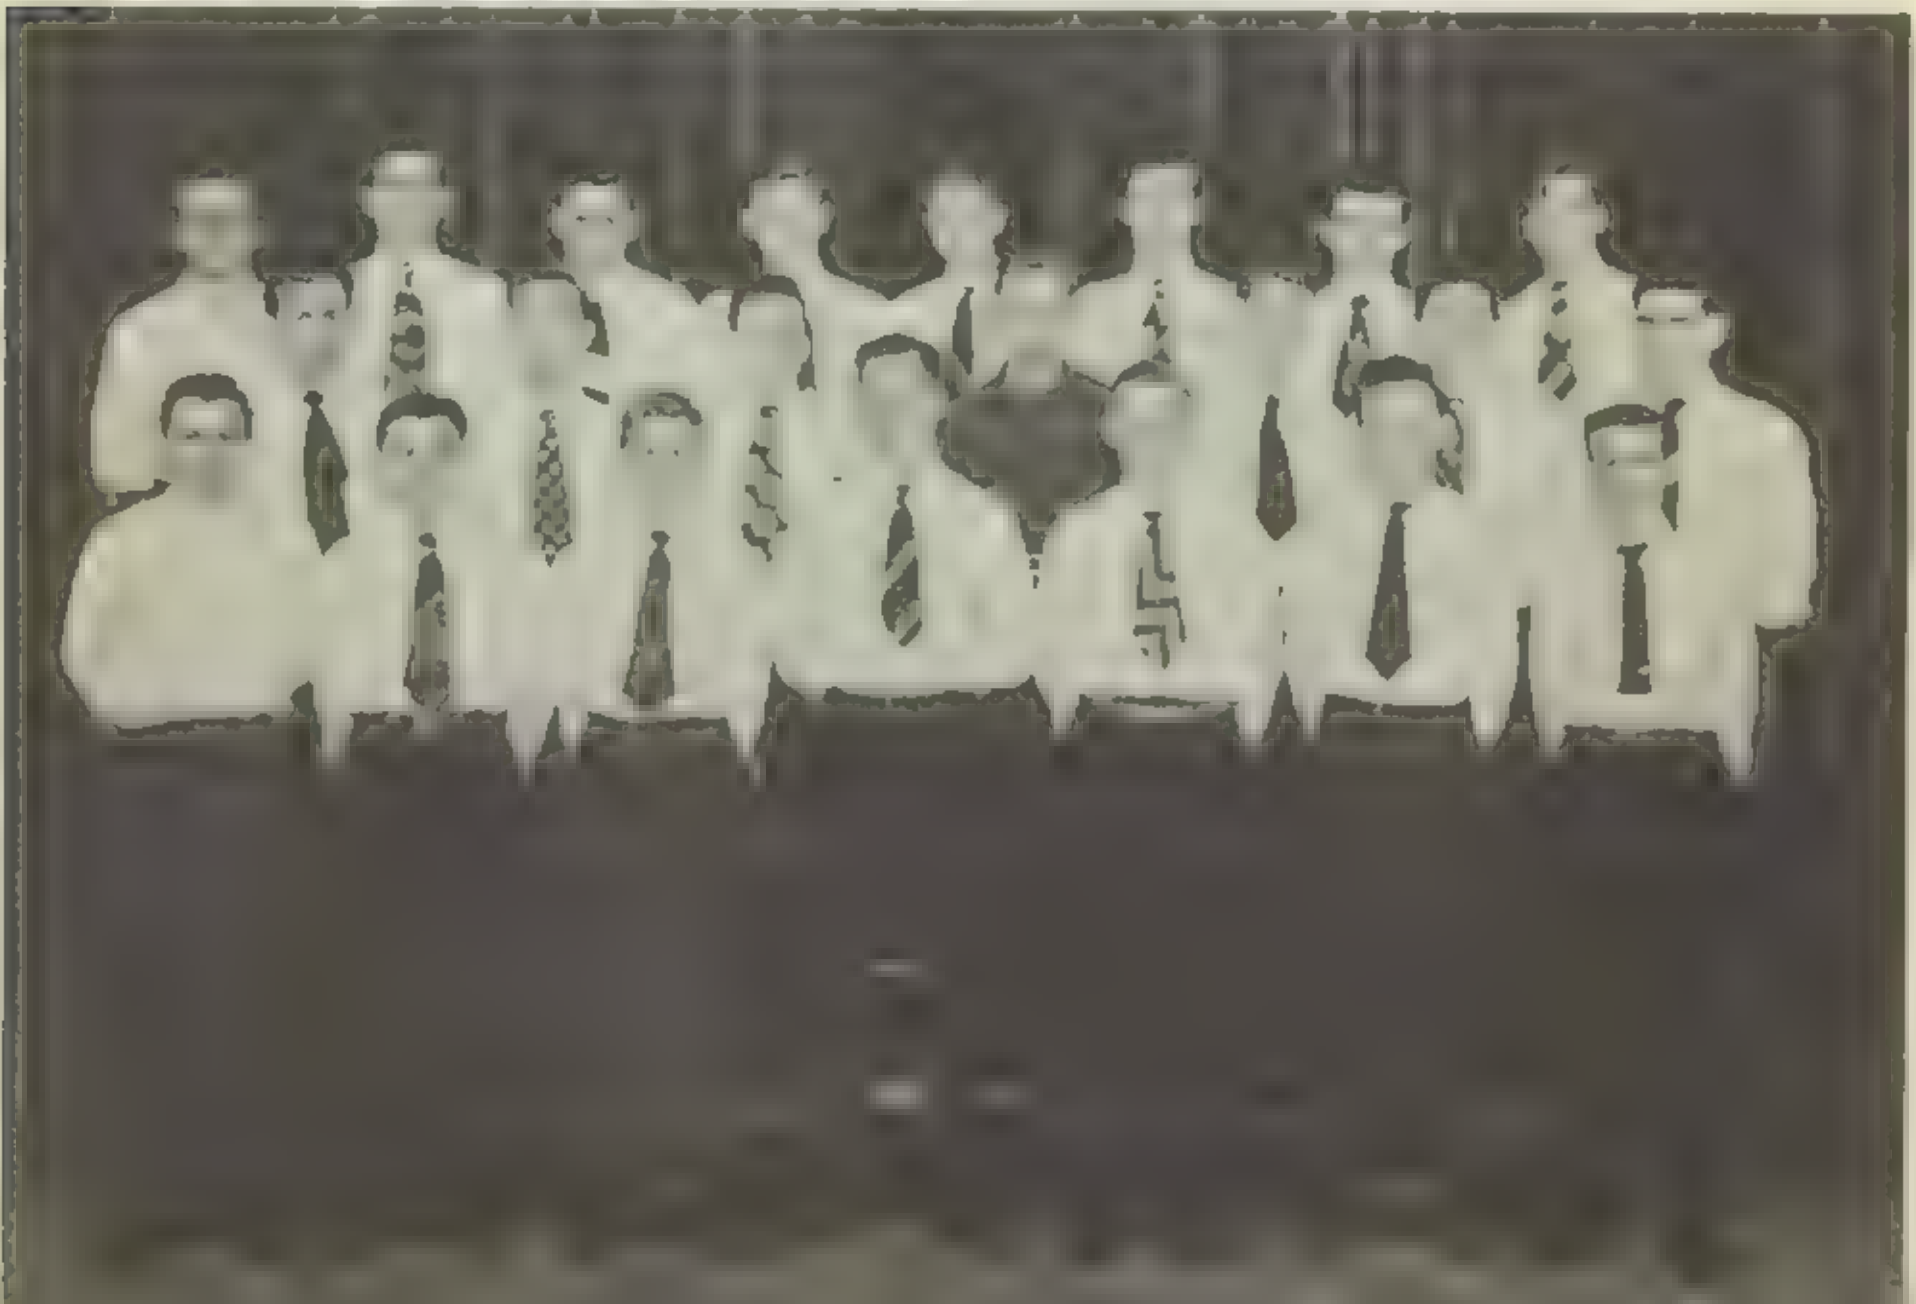

In a series of scenes the play dramatized the preparation for the Nativity on the eve of this great event. From the ancient world center of Jerusalem the scene moved to the simple goodness of the village of Bethlehem. In the grand finale the entire cast is reunited before the manger of the Christ Child.

GIRLS' GLEE CLUB

Once again Mr. Hiller has developed an outstanding chorus of all girls' voices. The club's breathtaking beautiful performances, such as the Spring Concert, prove that Pulaski can produce music equal to any professional group.

JUNIOR ORCHESTRA

It is in the Junior Band and Orchestra that young musicians get the ground work which proves invaluable in later years. They learn to interpret the director's signals and to appreciate the work that goes into the making of a symphony orchestra or military band. Many of the students we see on these pictures will some day be Pulaski's star musicians.

A CAPPELLA CHOIR

If you are anywhere near room 101 the third hour any morning, you are sure to hear the A Cappella Choir practicing. Under the able direction of Mr. Niefer, the choir offers good musical training for any boy or girl who has a good voice and is interested in choral singing.

SENIOR ORCHESTRA

The orchestra, headed this semester by Mr. Zielinski, has shown outstanding versatility at every performance. It has provided entertainment on numerous occasions for music lovers throughout the school. It boasts of many fine musicians and everyone agrees that it is the finest orchestra Pulaski has ever had.

CAVALIER NEWSPAPER

Pulaski's monthly student publication is The Cavalier, six page newspaper and member of the Quill and Scroll Honor Society. The Cavalier was awarded the All-American rating by the National Scholastic Press Association, First Place rating by the Columbian Scholastic Press Association, and the International Honor Rating. In 1946 the Gallup Award, highest rating obtainable, was presented to Pulaski's Cavalier Newspaper.

The board of editors and star reporters meet during the eighth hour every day under the direction of their advisor, Miss Kopsar. The entire Cavalier Newspaper staff meets Tuesdays and Thursdays. The Cavalier Business staff, which also meets every day, is advised by Mr. Shaw.

Several of the jobs of newspaper work are gathering and writing news, typing, obtaining ads, copy reading, making up pages, proof reading, and headline writing. Trips to the engravers and numerous visits to the print shop are also necessary in editing a newspaper. These are just some of the things that keep the Cavalier staff members busy preparing newspapers which will interest and benefit students of Pulaski High.

CAVALIER ANNUAL

ANNUAL STAFF

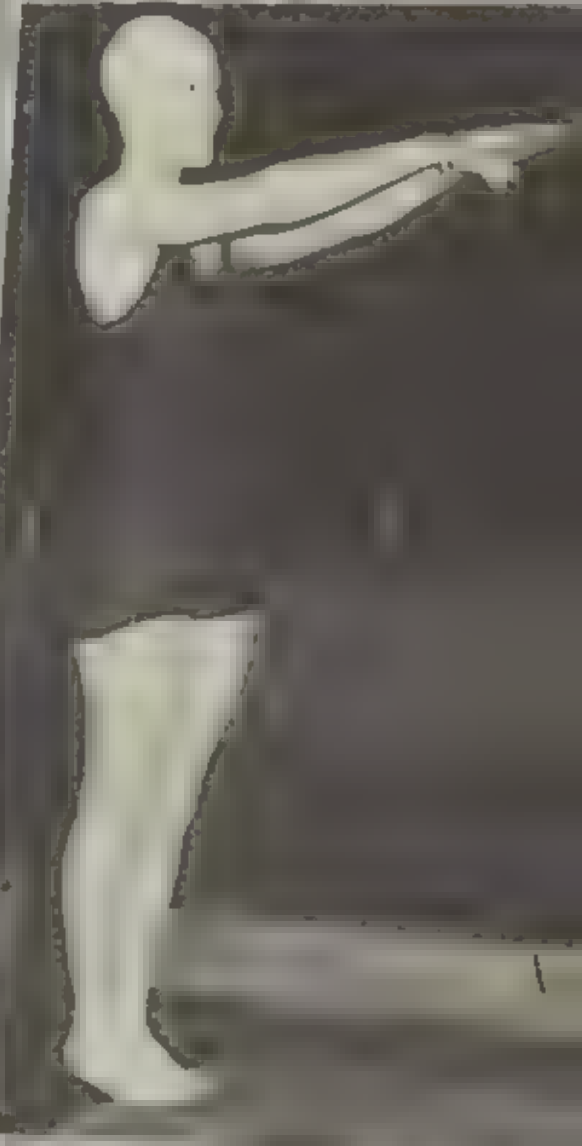

Far from the madding crowd's ignoble strife — that's where the annual staff members would like to find themselves after a hard eighth hour working their fingers to the bone over hot copy. The art staff uses inks and paints doing sketches to adorn the pages. The lay-out staff's duty is to see that all copy and pictures get into their proper places. The business wizards take care of ads and publicity. The literary staff wrestles with the words explaining and illuminating the activities of the school.

The seventh annual interclass swimming meet held at Pulaski was won by the Sophomores with the Seniors running a close second, the Juniors and Freshmen trailing in 3rd and 4th places respectively.

Although the war forced the discontinuation of the girls' intramural program, a year ago the Girls' Athletic Association was organized. A point system devised to give awards for, and encourage athletic activity in a girl's leisure time was adopted.

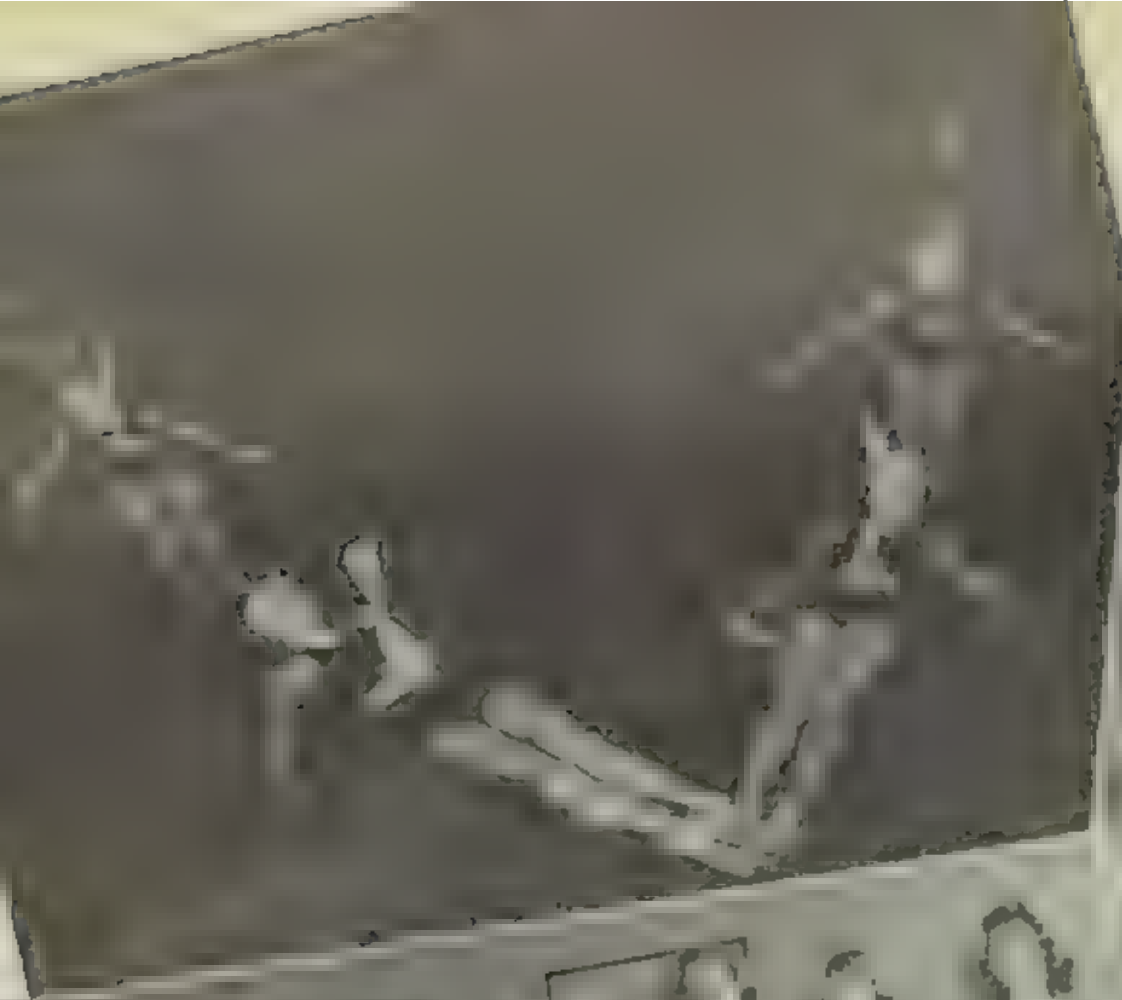

GIRLS' ATHLETIC ASSOCIATION

G A A., sponsored by Mrs. Hafey, provides girls an opportunity for more athletic activity than is provided by regular gymnasium classes. It fosters sportsmanship, team cooperation, spirit and gives greater skill in sports. The club also offers senior girls who do not take physical education, a chance to participate in sports.

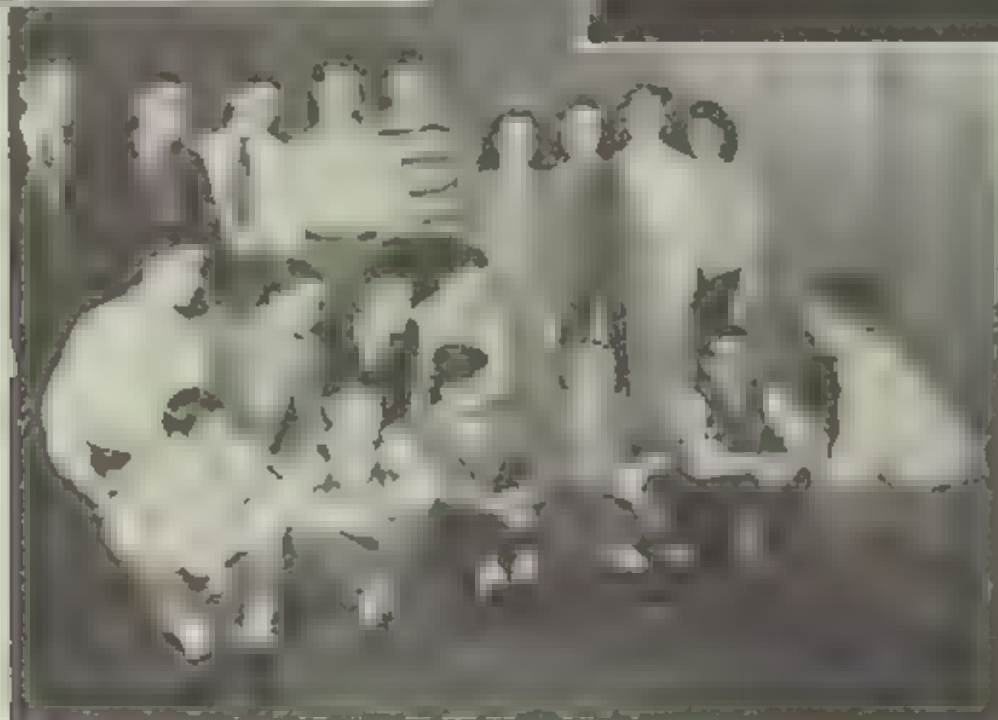

GIRLS' SYNCHRO-SWIM CLUB

The Girls' Synchronized Swimming or Water Ballet Club is an honorary swimming organization formed to provide additional interest in the grace and rhythm of swimming other than the standard swimming strokes.

INTRAMURAL SPORTS CLUB

Twenty teams composed of ten boys each, competed for first place honors in basketball, volleyball and baseball. The teams meet every Monday, Tuesday, Wednesday and Thursday and are composed of Freshmen, Sophomores and Grade School boys, coached by Mr. Steffen and Mr. Thurner. Junior and Senior boys who

have played with the Varsity groups are managers and officials of the club.

This club was organized for the purpose of furthering intramural competition in the school and to give more boys a chance to participate in our school athletic program.

TRACK

Just before the first sign of spring, Pulaski opened its 1948 track season with practises in the gym. The boys participating were once more supervised by Coach Chet Trost who was ably assisted by Coach Kezele. The team was strengthened by the return of Alvo Cherne, last year's state and city high jump champion.

Wollenzien took third place in the 105 lb class, while the Wolters boys, Donald and Dennis, took fourth in the 95 lb and 165 lb classes respectively. Other boys competing for the Ramblers were Augie Gibarich and Don Pasterski. The defeats suffered by Wollenzien and Gibarich were their first this year, and had they not been upset, the Ramblers easily could have made the meet a runaway.

"Grant"

In dual meets the Red and Blue finished with a very impressive record of ten wins, two losses and one tie. The team defeated West Milwaukee twice, East three times, Tech twice, and Racine Horlick and Park once each.

Although the team will lose Wenke, Wollenzien, Toth, Anuta, and Uciechowski, Coach Litzow's team has some promising boys to fill in the shoes of these wrestlers.

WRESTLING 1948

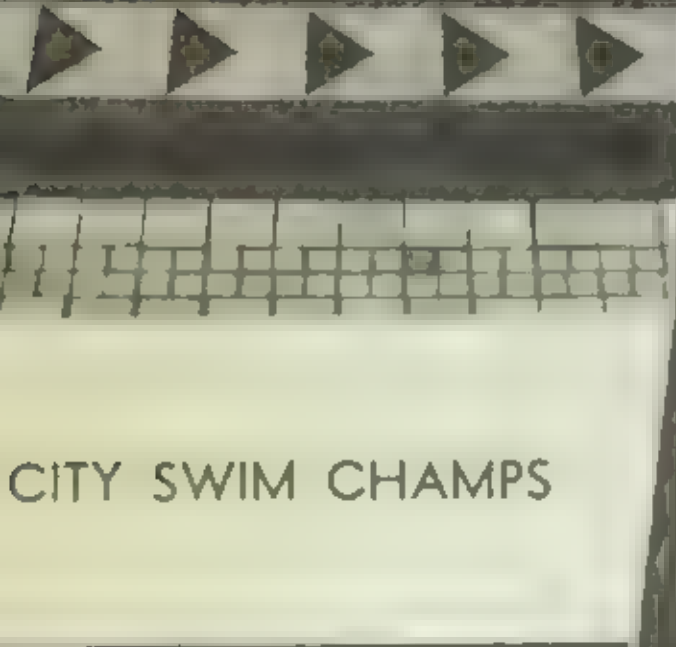

The Pulaski wrestling team traveled to Racine with the determination of winning their first state championship. This determination was fulfilled when Coach Hank Litzow's boys came out first with 29 points, one more than West Milwaukee. South Division, last year's champs finished third.

Although the Ramblers snatched only two division champs, it was their well-balanced team that spelled victory and the state championship. The Red and Blue grapplers were led by Larry Ragan and Glenn Stadler who took honors in the 135 lb. and 165 lb. weight class respectively. These boys are juniors and will be back next year to help the Ramblers retain the championship they won this year.

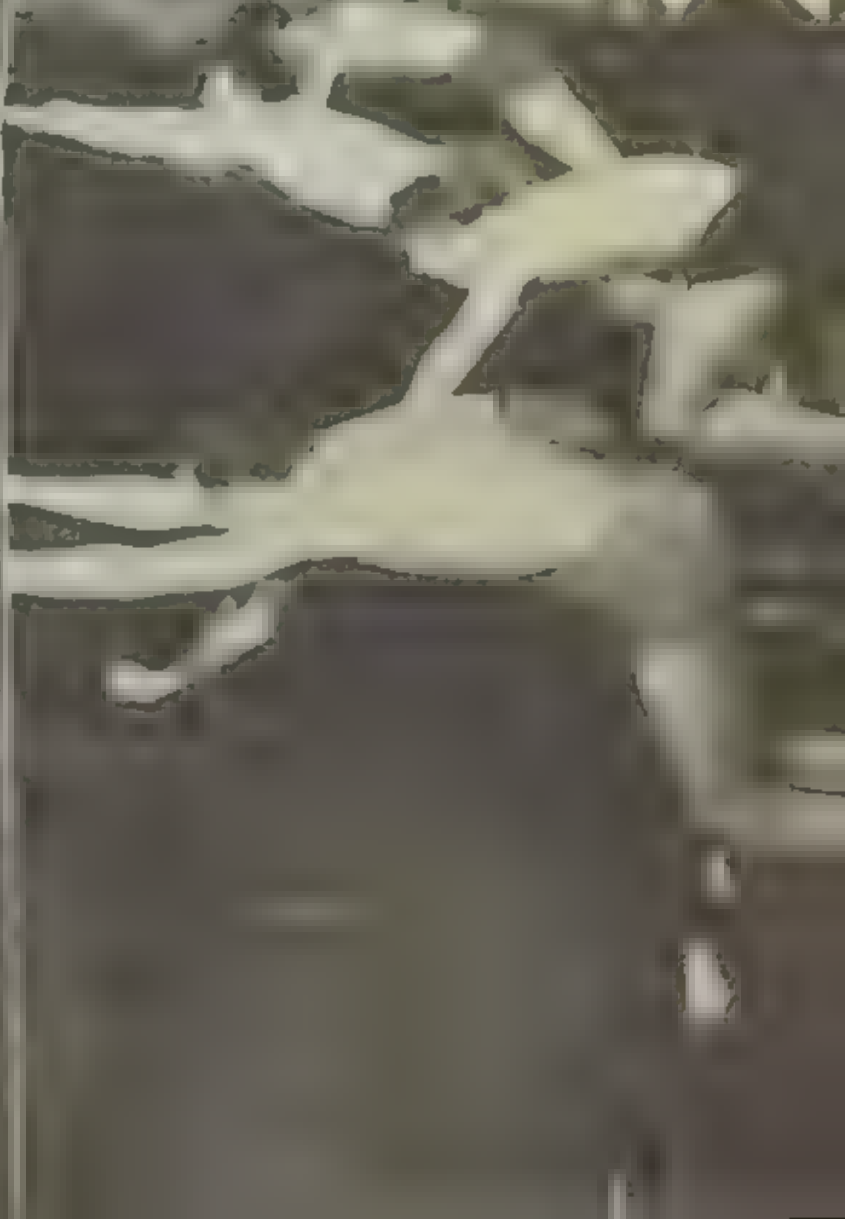

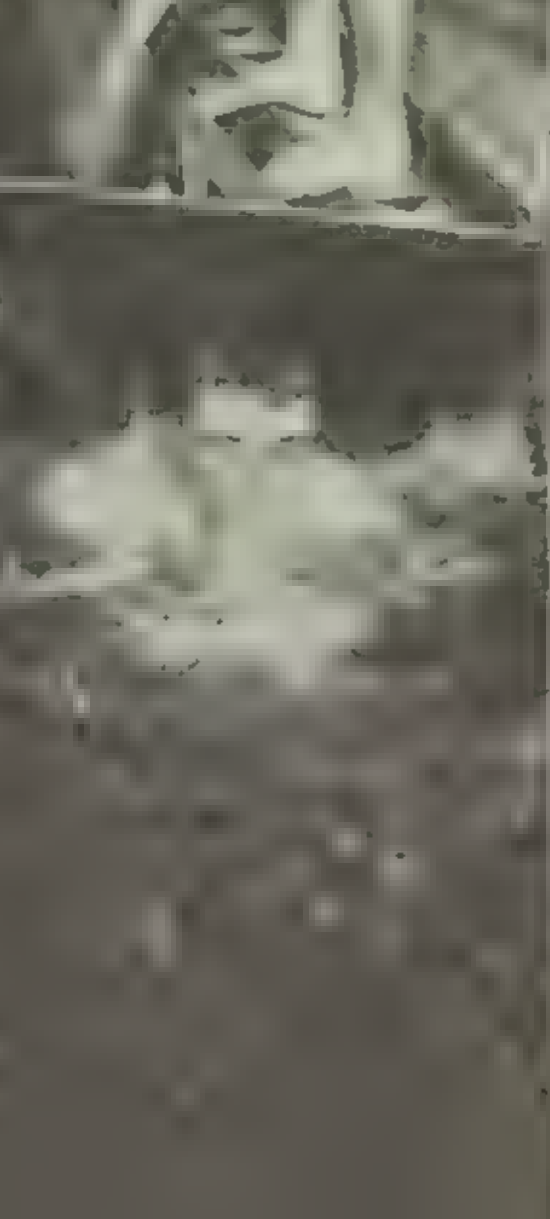

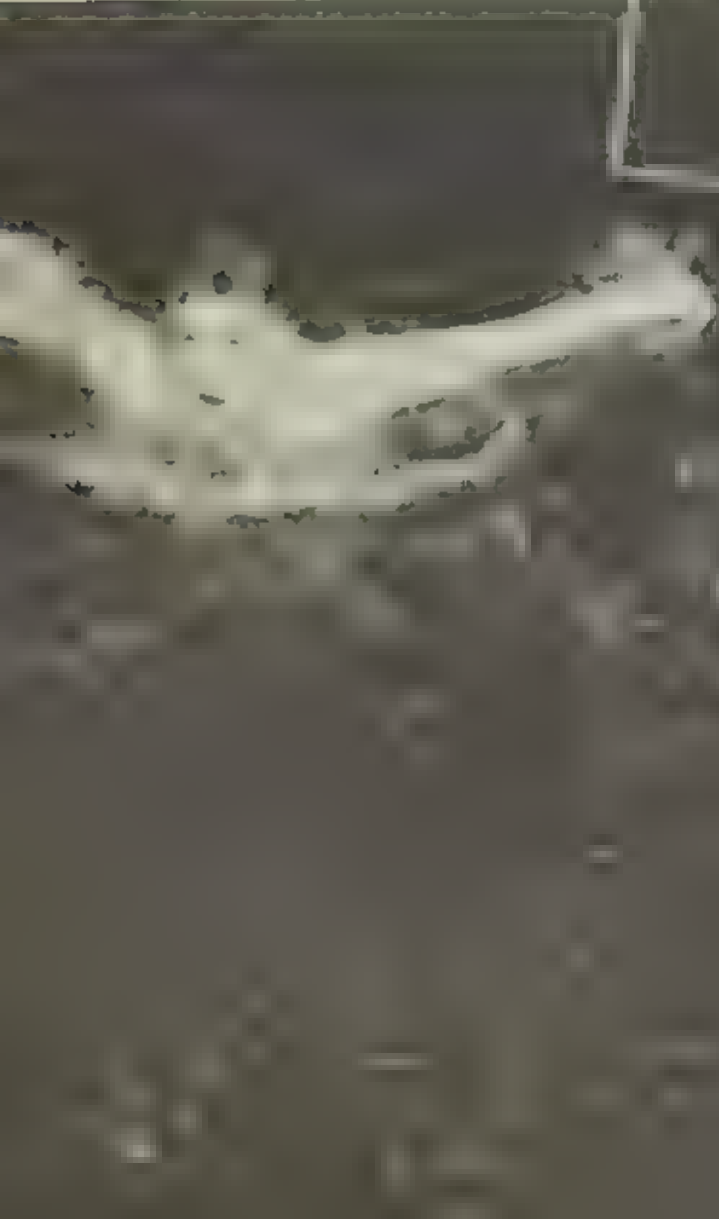

Second place point getters for Pulaski were John Toth in the 115 lb. class, Hank Uciechowski in the 125 lb. class, and Bob Wenke in the heavyweight division.

In dual meets Coach Wielgosz's squad was victorious in 9 out of 12 meets.

In home and home meets the Ramblers defeated Two Rivers twice, 52-31 and 67-16.

Victories over city schools: the scores being South 56-27, East 54-29, North 50-33, Washington 63-20, and Lincoln 63-20. Incidentally, in the Lincoln meet Coach Wielgosz gave the coaching reins to Cherne. He showed great ability by leading the Ramblers to an overwhelming victory.

Although Cherne took two firsts and anchored

one of our two victorious relay teams, the Ramblers were upset by Bay View in the latter's pool.

Another upset saw Boys Tech tip the Pulaski Splashers by winning the 200 yard relay. The score was 45-38.

The Ramblers won two out of three suburban meets. They won a surprise victory from the state champions, Waukesha, 46-37. West Allis Central fell before Cherne, Bauman, Rogan, and company by the score of 56-27. In a close meet the Ramblers lost to Shorewood, 42-41.

Claude Rogan had a fifth in the 75 medley while our divers Marion Kmiec, and "Whitey" Nowakowski, took second and fourth. Individual scoring was rounded out by Art Ennis's fourth in the 100 yard back stroke. A second was gained by the 150 medley relay team of Ennis, Liss, and Knoll while the winning 200 yards free style team was composed of Ronald Milinski, Douglas Lasky, Tom Michelson, and Claude Rogan.

In the state meet Wielgosz's splashers took sixth place with 15 points. In the biggest upset of the meet Alvo Cherne was defeated by Thomson of Wauwatosa in the 100 yard free style. This was the only defeat that Cherne had met this year. Alvo finished first in the 50 yard event, however. Others who gained points were Marion Kmiec, a fifth in diving, and the 150 yard relay team of Ennis, Liss, and Knoll who took a fourth.

SWIMMING 1947-1948

Although it seems to be a habit for Coach Matt Wielgosz's Rambler swimming team to take first place in the city swimming meet, the Pulaski tankmen were pressed to their utmost by Bay View in capturing their fifth straight crown. By winning three events the team finished with 49 points, 44½ for Bay View, and 30½ for Boys Tech.

The meet was not decided until the last relay. The Ramblers came through with championship style by taking the 200 yard free style relay, thus winning the meet. Alvo Cherne and Bob Kuehniesen of East were the only double winners of the meet with the latter setting two city records. Alvo took first in the 50 yard free style with a time of 24.9, only one-tenth of a second off the record, and in the 100 yard free style. Other point winners for the team were

GYM TEAM

Taking fourth place in the three groups in which they were entered was the distinction held by Coach Walter Olen's gymnastic team in the city meet.

The senior squad led by Gene Pawlowski and Dick Kurth had 652 points; Gene tied for third place with 93.5 points out of a possible 100 while Dick finished with a very respectable fifth and 91 points.

The juniors, who gained 519.5 points, had Jack Zimdars fourth with 87 points and Neil Worden eighth with 83.

Roy Johnston's 90.5 points gave him seventh place as he paced the Frosh Soph group to 609 points.

Tomaszewski, being a 3 year man, sparked the Ramblers with his desire and determination to win

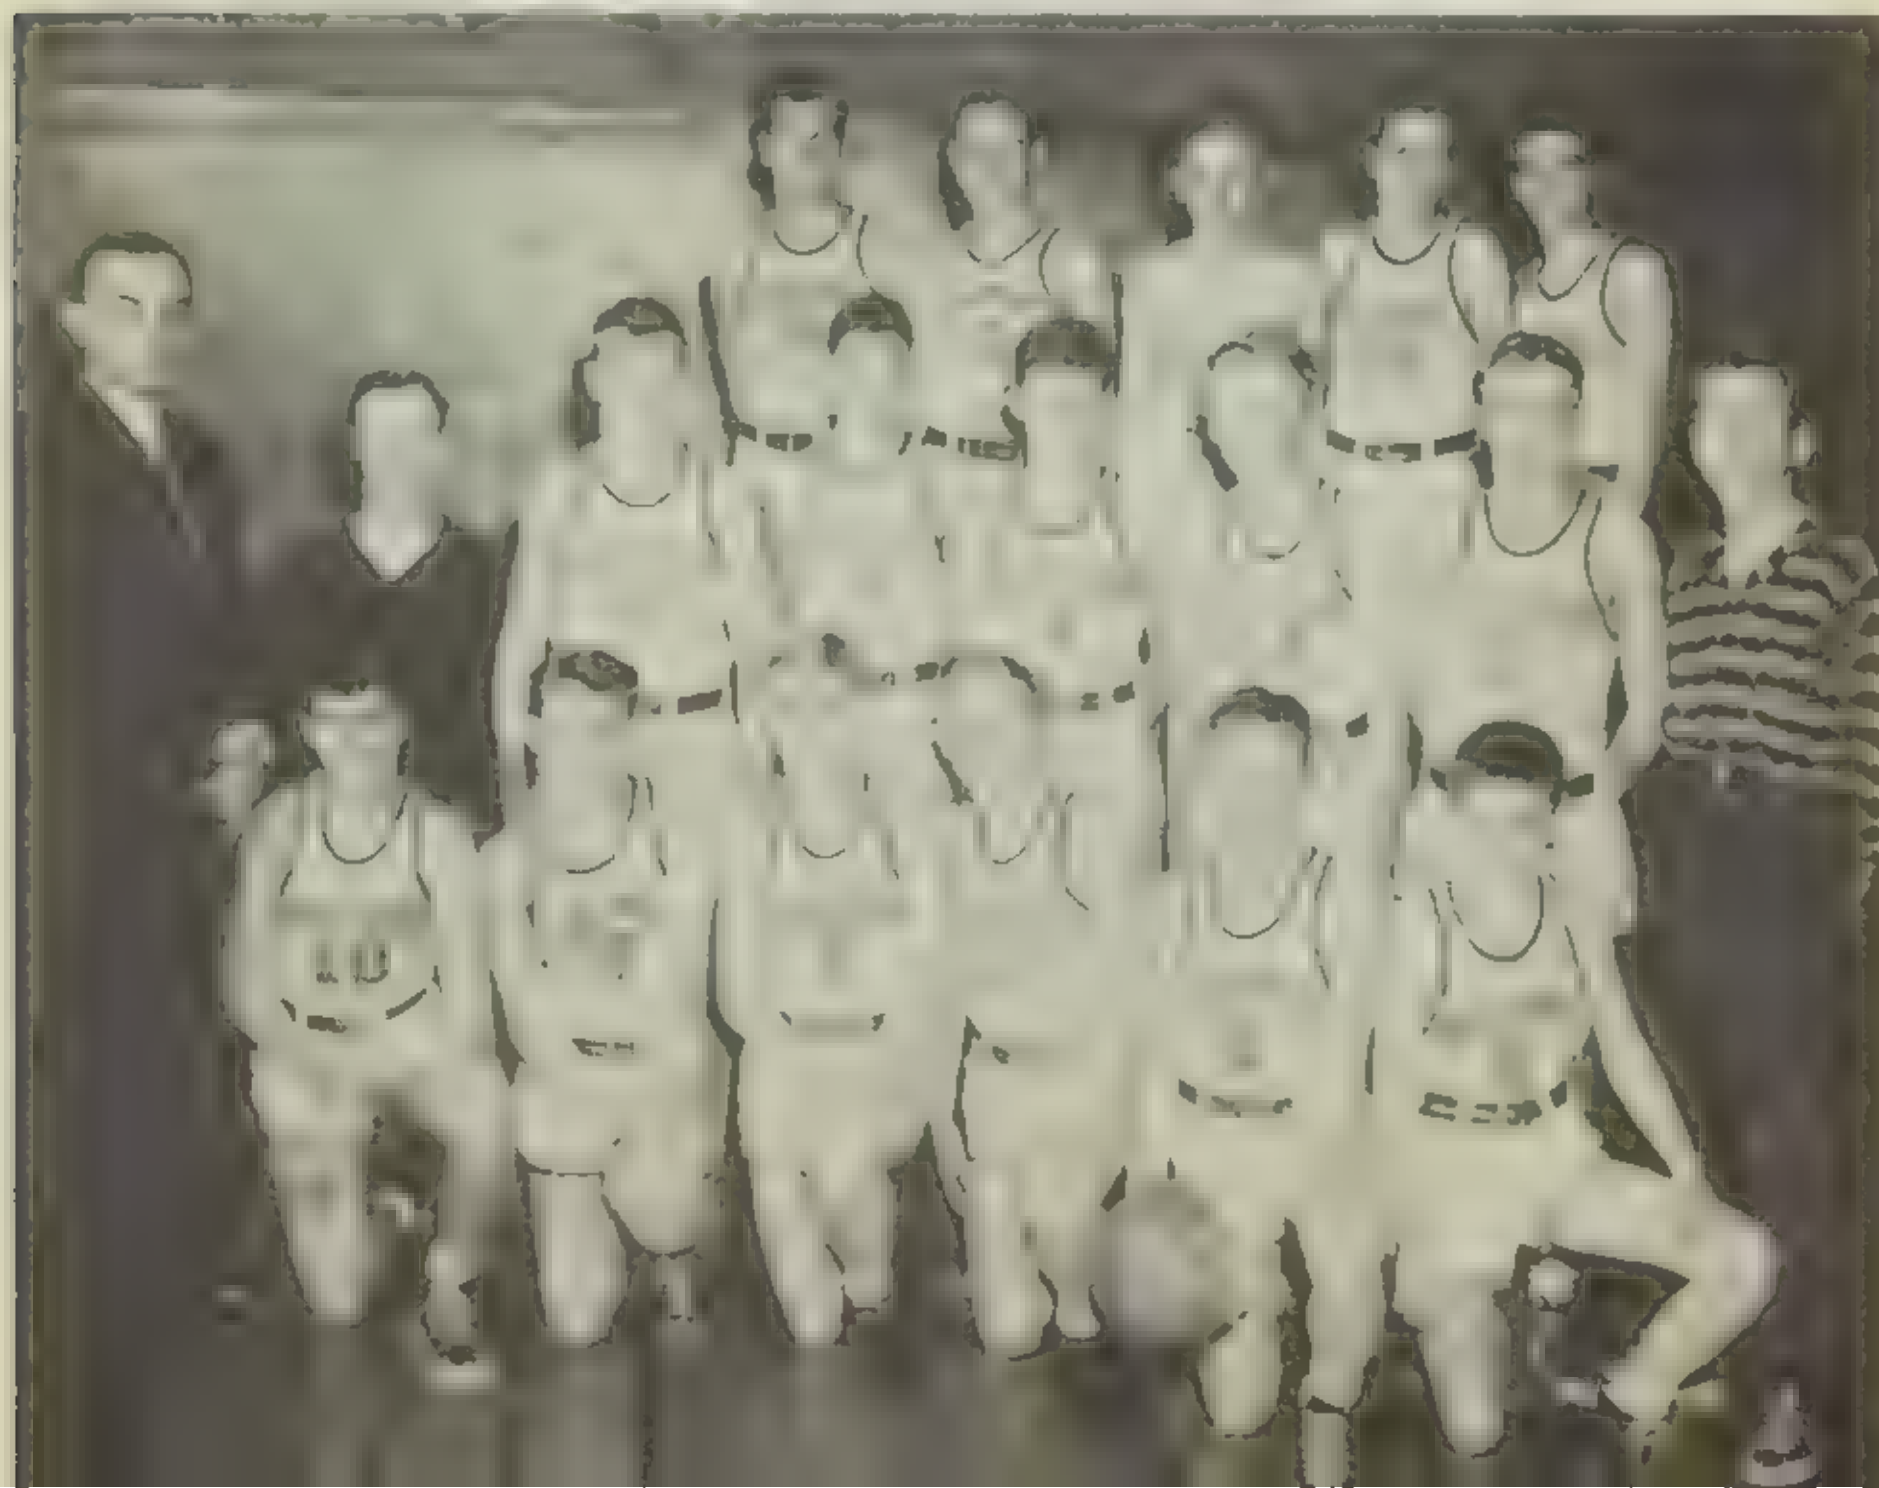

Worden and Stemo, playing a fighting defensive game — especially around the baskets helped the Olenmen along some of the rugged parts of the schedule.

Coach Steffen's Freshman-Sophomore team finished a fair season with 7 victories and 5 losses. Harry Wesolowski and Daniel 'Sambo' Molenda sparked the team with their high scoring and good defensive play. These are the two boys to watch when they reach the varsity

The Ramblers then journeyed to Rufus King but were defeated, 46-33. The first half was very close, but in the second the Generals pulled away.

Pulaski then lost to North at South, 42-35. The Olenmen's aggressiveness couldn't quite match North's height.

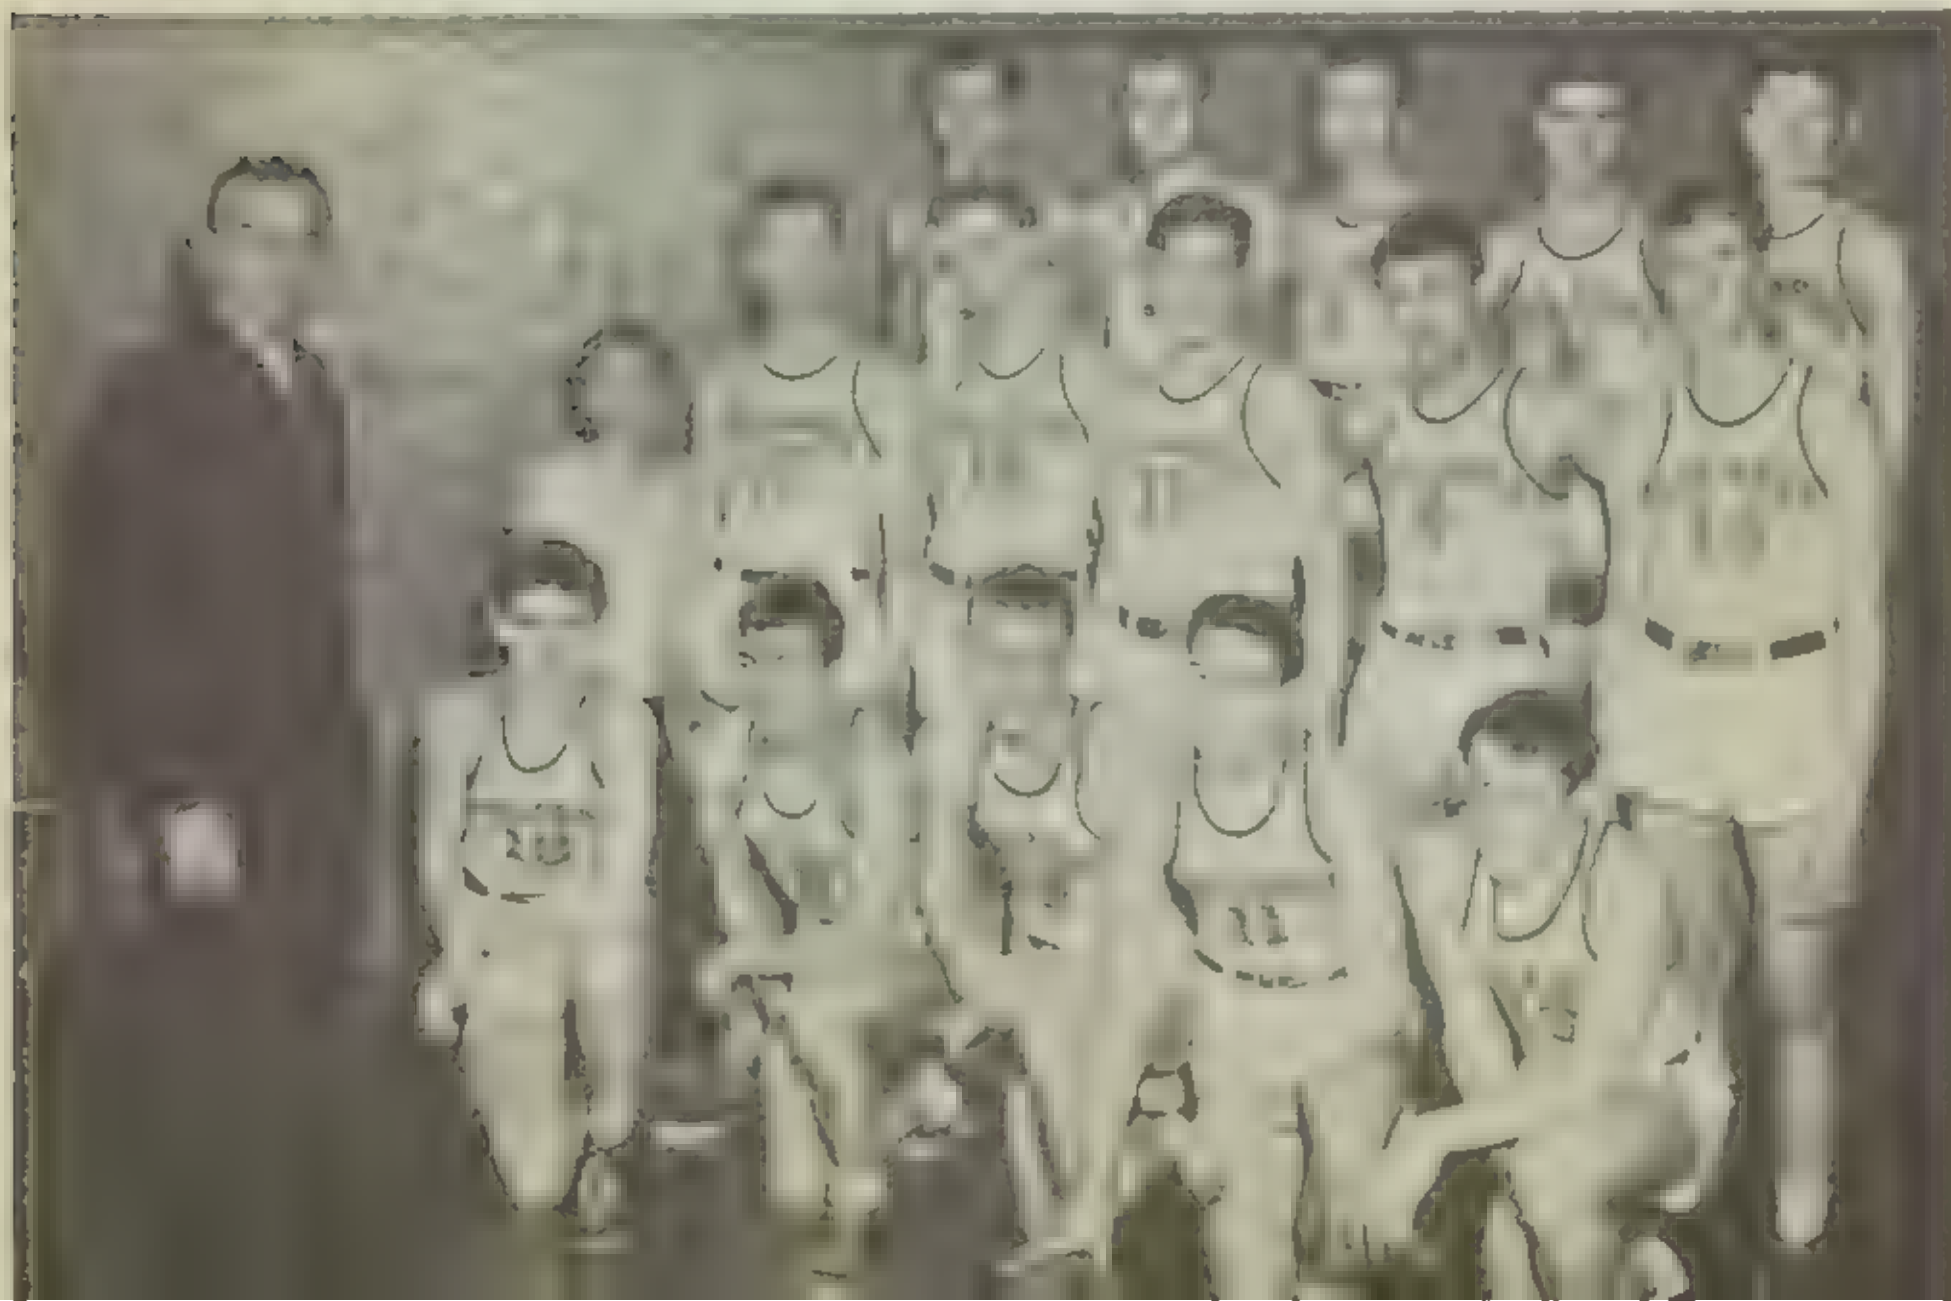

The Olenmen then played West at East. Trailing at the end of the first half, the Ramblers came from behind to tie the game up Worden's basket in the last couple of seconds of overtime gave us a 27-25 victory.

The team was upset by Washington the following week 45-35. Kosmatta led the Ramblers in scoring with 9 points.

The Ramblers returned home and drubbed Custer, 47-37. The game was never in doubt and Pulaski won going away. Wittberger was high with 10 points.

Thus the season ended with 4 victories and 10 defeats.

In their first conference game the Ramblers were defeated by South, 59-38. The next week they redeemed themselves by trouncing the favored Bay View quintet, 45-42. The Ramblers were ahead all the way except for a few minutes in the fourth quarter, but Jim Olson put one in to sew up the game. Once again Allan Wulz led the scoring with 19 points.

A week later Pulaski played Boys Tech on the Lincoln floor, and lost, 36-27. Once again the dependable Al Wulz was top scorer with 20 points. The Ramblers, not quite recovered from their last defeat, were next upset by Juneau on the Juneau floor, 35-27. Grant Wittberger, breaking into the lineup for the first time, scored 10 points.

Returning home, the Olenmen lost a tight game to East, 43-42. This was Allan Wulz's last game, and he tagged it off by scoring 24 points. He might have been an all city choice had he remained another semester. In all he scored 125 points in one semester, 78 of these being in conference play.

BASKETBALL
1947-1948

With only two major letter men, Bill Tomaszewski and Allan Wulz, returning, Coach Olen was faced with the prospect of rebuilding an entire team for the 1947-48 cage campaign.

In the first game the Ramblers breezed by Two Rivers, 48-39. After the first few minutes the game was never in doubt. Jim Olson and Allan Wulz led the scoring with 12 points each.

The Olenmen then traveled to Racine Horlick, and were defeated, 33-31. After a poor start they almost tied up the game in the closing seconds. The Ramblers then returned home to be defeated 44-39, by Notre Dame. Allan Wulz led the scoring in both tilts with 13 and 23 points respectively.

ROW 2: K. Scholes, M. Alexander, P. Kaiman, A. Budziszewski, R. Gutsch, R. Kucharski, R. Sobczak, D. Lewandowski, J. Kumphrey. ROW 1: Coach Kozels, M. Holman, J. Kilps, A. Budzak, R. Raimann, J. Kumphrey, D. Wolters, R. Szymanski, R. Miller, M. Peschauer.

Paced by major letter winner Art Budzak, the Ramblers cross country team finished second, behind Rufus King in the city meet. Art led the Pulaski runners, taking a sixth place.

Placing ahead of all city runners, Budzak took eleventh place in the State meet to lead the Ramblers to thirteenth place.

In dual meets the hill-and-dalers won four while losing only two. In the South sectional the Ramblers snatched a first with Budzak taking second.

Major letter winners are Budzak, Roy Szymanski, Monty Holman, and John Kumphrey. Minors were gained by Dennis Wolters, Richard Raimann, and John Kilps.

Prospects for next season remain promising, although Holman, Szymanski, and Budzak are graduating.

FOOTBALL 1947

One Win — Three Ties — Four Losses

After this victory Pulaski gained ties with Custer and North. The scores were 6-6 and 0-0 respectively.

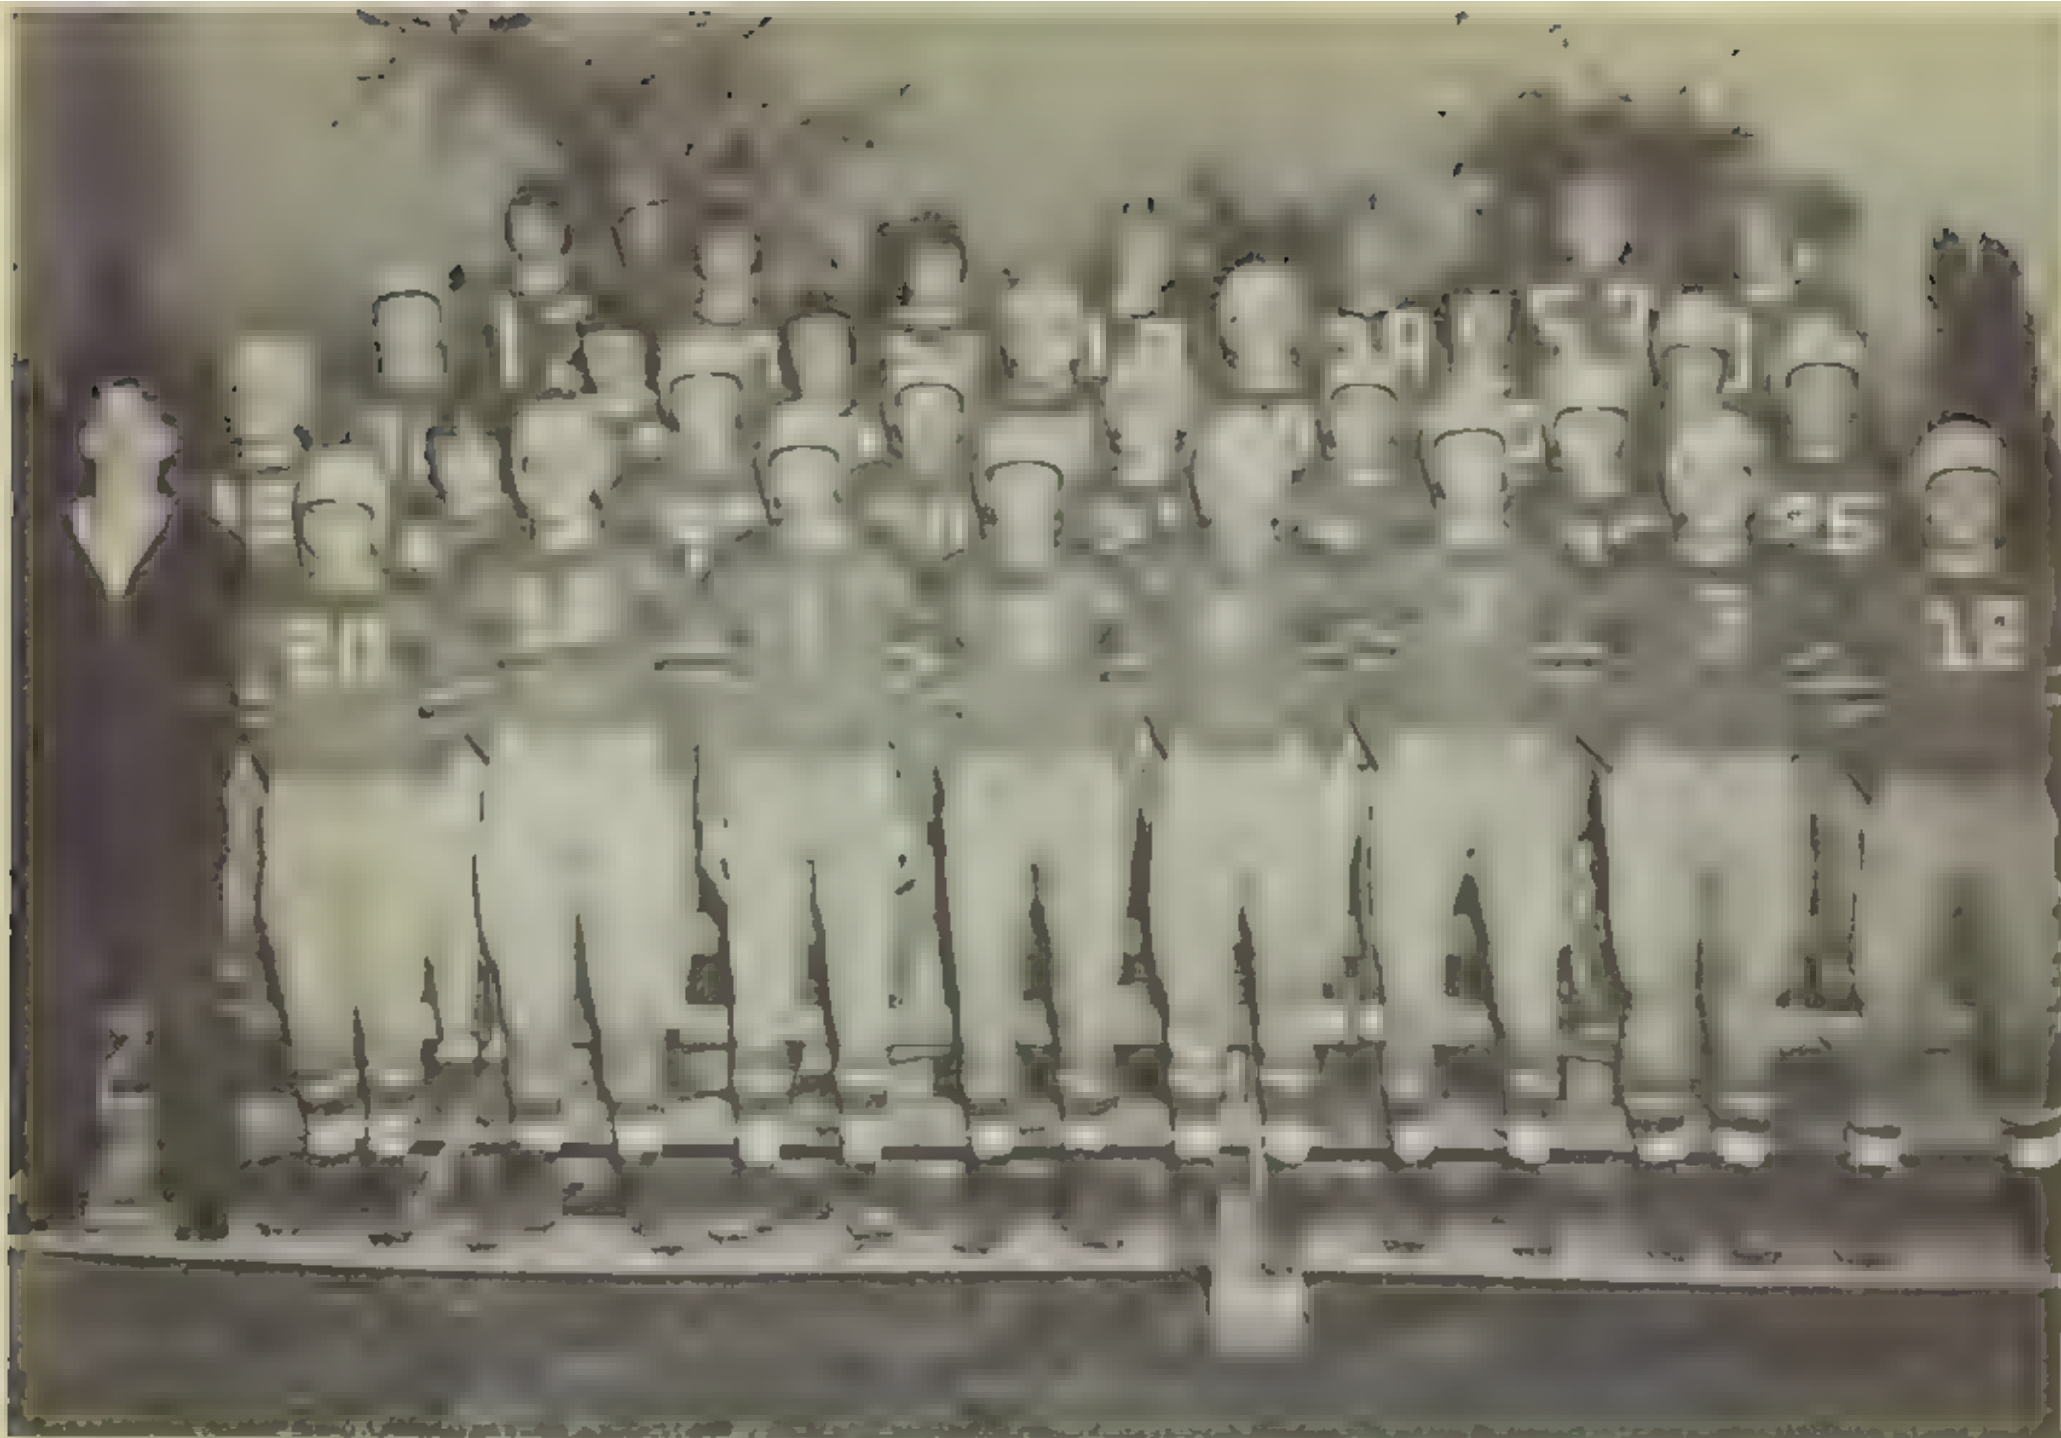

Before 9,000 fans the Red and Blue played their greatest game of the season although they lost to the city champions, Lincoln, 6-0. An offside penalty deprived the Ramblers of a touchdown which might have spelled victory.

The Woznymen suffered three setbacks after the Lincoln game. They lost to West 26-20,

even though Worden scored two spectacular touchdowns.

Our homecoming game saw Bay View trip the Ramblers 14-7. Pulaski opened up with an aerial attack in the fourth quarter which almost netted a tie. After Worden had bucked over for the ramblers first score, the Woznymen came charging back. A penalty nullified a spectacular pass play that would have gained a touchdown.

In their final encounter the Ramblers lost to Washington 41-7.

FOOTBALL 1947

Seventh Place

A spirited group of Pulaski football players began practice early in September preparing for the 1948 grid season. Once again these boys were molded together as a team under the excellent guidance of coaches Gene Wozny and Harry Max. The team was bolstered by the return of seven lettermen, including Bill Tomaszewski, Bob Wenke, Don Wulff, Lee Albrecht, Alvo Cherne, Neil Worden and Augie Cibarich.

In their first encounter the Ramblers met the

East side team and when the final gun went off the score read, 0-0.

The Boilermakers from Boys Tech proved to be stubborn opposition but our team came out on top, 3-0. With the time running out, Al Wulz intercepted a Tech pass deep in Tech territory. Seconds remained when Alvo Cherne stepped back to the 26 yard line and kicked a perfect field goal.

JUNE CLASS 1948

MEMORIES

Freshman days: There was the time we came to Pulaski as excited and amazed freshies; the time we wandered around the second floor looking for Room 319; the time we wrestled with the padlocks, pounded on the locker door, and finally resorted to begging a senior to open it.

LaVerne Sims
Vice President

Sophomore days: There was the time we lolled drowsily on the campus and, ignorant of the time, dozed well into sixth hour; the time we donned our red and blue for school colors day; the time we crammed for exams and wondered whether it was worth it all.

Junior days: There was the time we got caught eating lunch at our fourth hour post; the time we made hydrogen sulfide in our chemistry class and the whole school reeked of it for the rest of the day; the time we went to the junior prom and didn't get home until the wee hours of the morning.

Alvo Cherne
Treasurer

Senior days: There was the time we celebrated New Year's Eve as only seniors can; the time we fought for tickets to the state swim meet and finally gave up in disgust; the time we worried for five weeks before we were assured of a class play; and, of course, there was the time we graduated.

SENIOR PROM

Elaine Pollack
Dale Worden

Midst the surroundings of the South Pole—ice, penguins and such, Pulaski students danced at the November "Ice Breaker" Prom. Groups in charge of "camouflage," refreshments, music, programming, publicity, entertainment, and tickets all co-ordinated to make the dance a panorama of the icy Antarctic.

Prom-going Pulaskians danced between figures of penguins and polar bears; watched the grand march; viewed the coronation of Elaine Pollack and Dale Worden, prom queen and king, and hummed "Night and Day," the prom theme song.

Penguins, polar bears, the punch bowl, the music and, of course, the dancing, made it a night to be remembered and cherished by all those attending.

MEMORIES

Donald Wulff, President

Shirley Marine, Vice-President

Elaine Pollock, Sec. & Treas.

Remember our first days at Pulaski when we were verdant freshmen? Remember how the corridors loomed up at us at every turn; how we bought those elevator passes; how we had to wait in line at the bookstore; how we rushed down to the cafeteria to find a table? Remember?

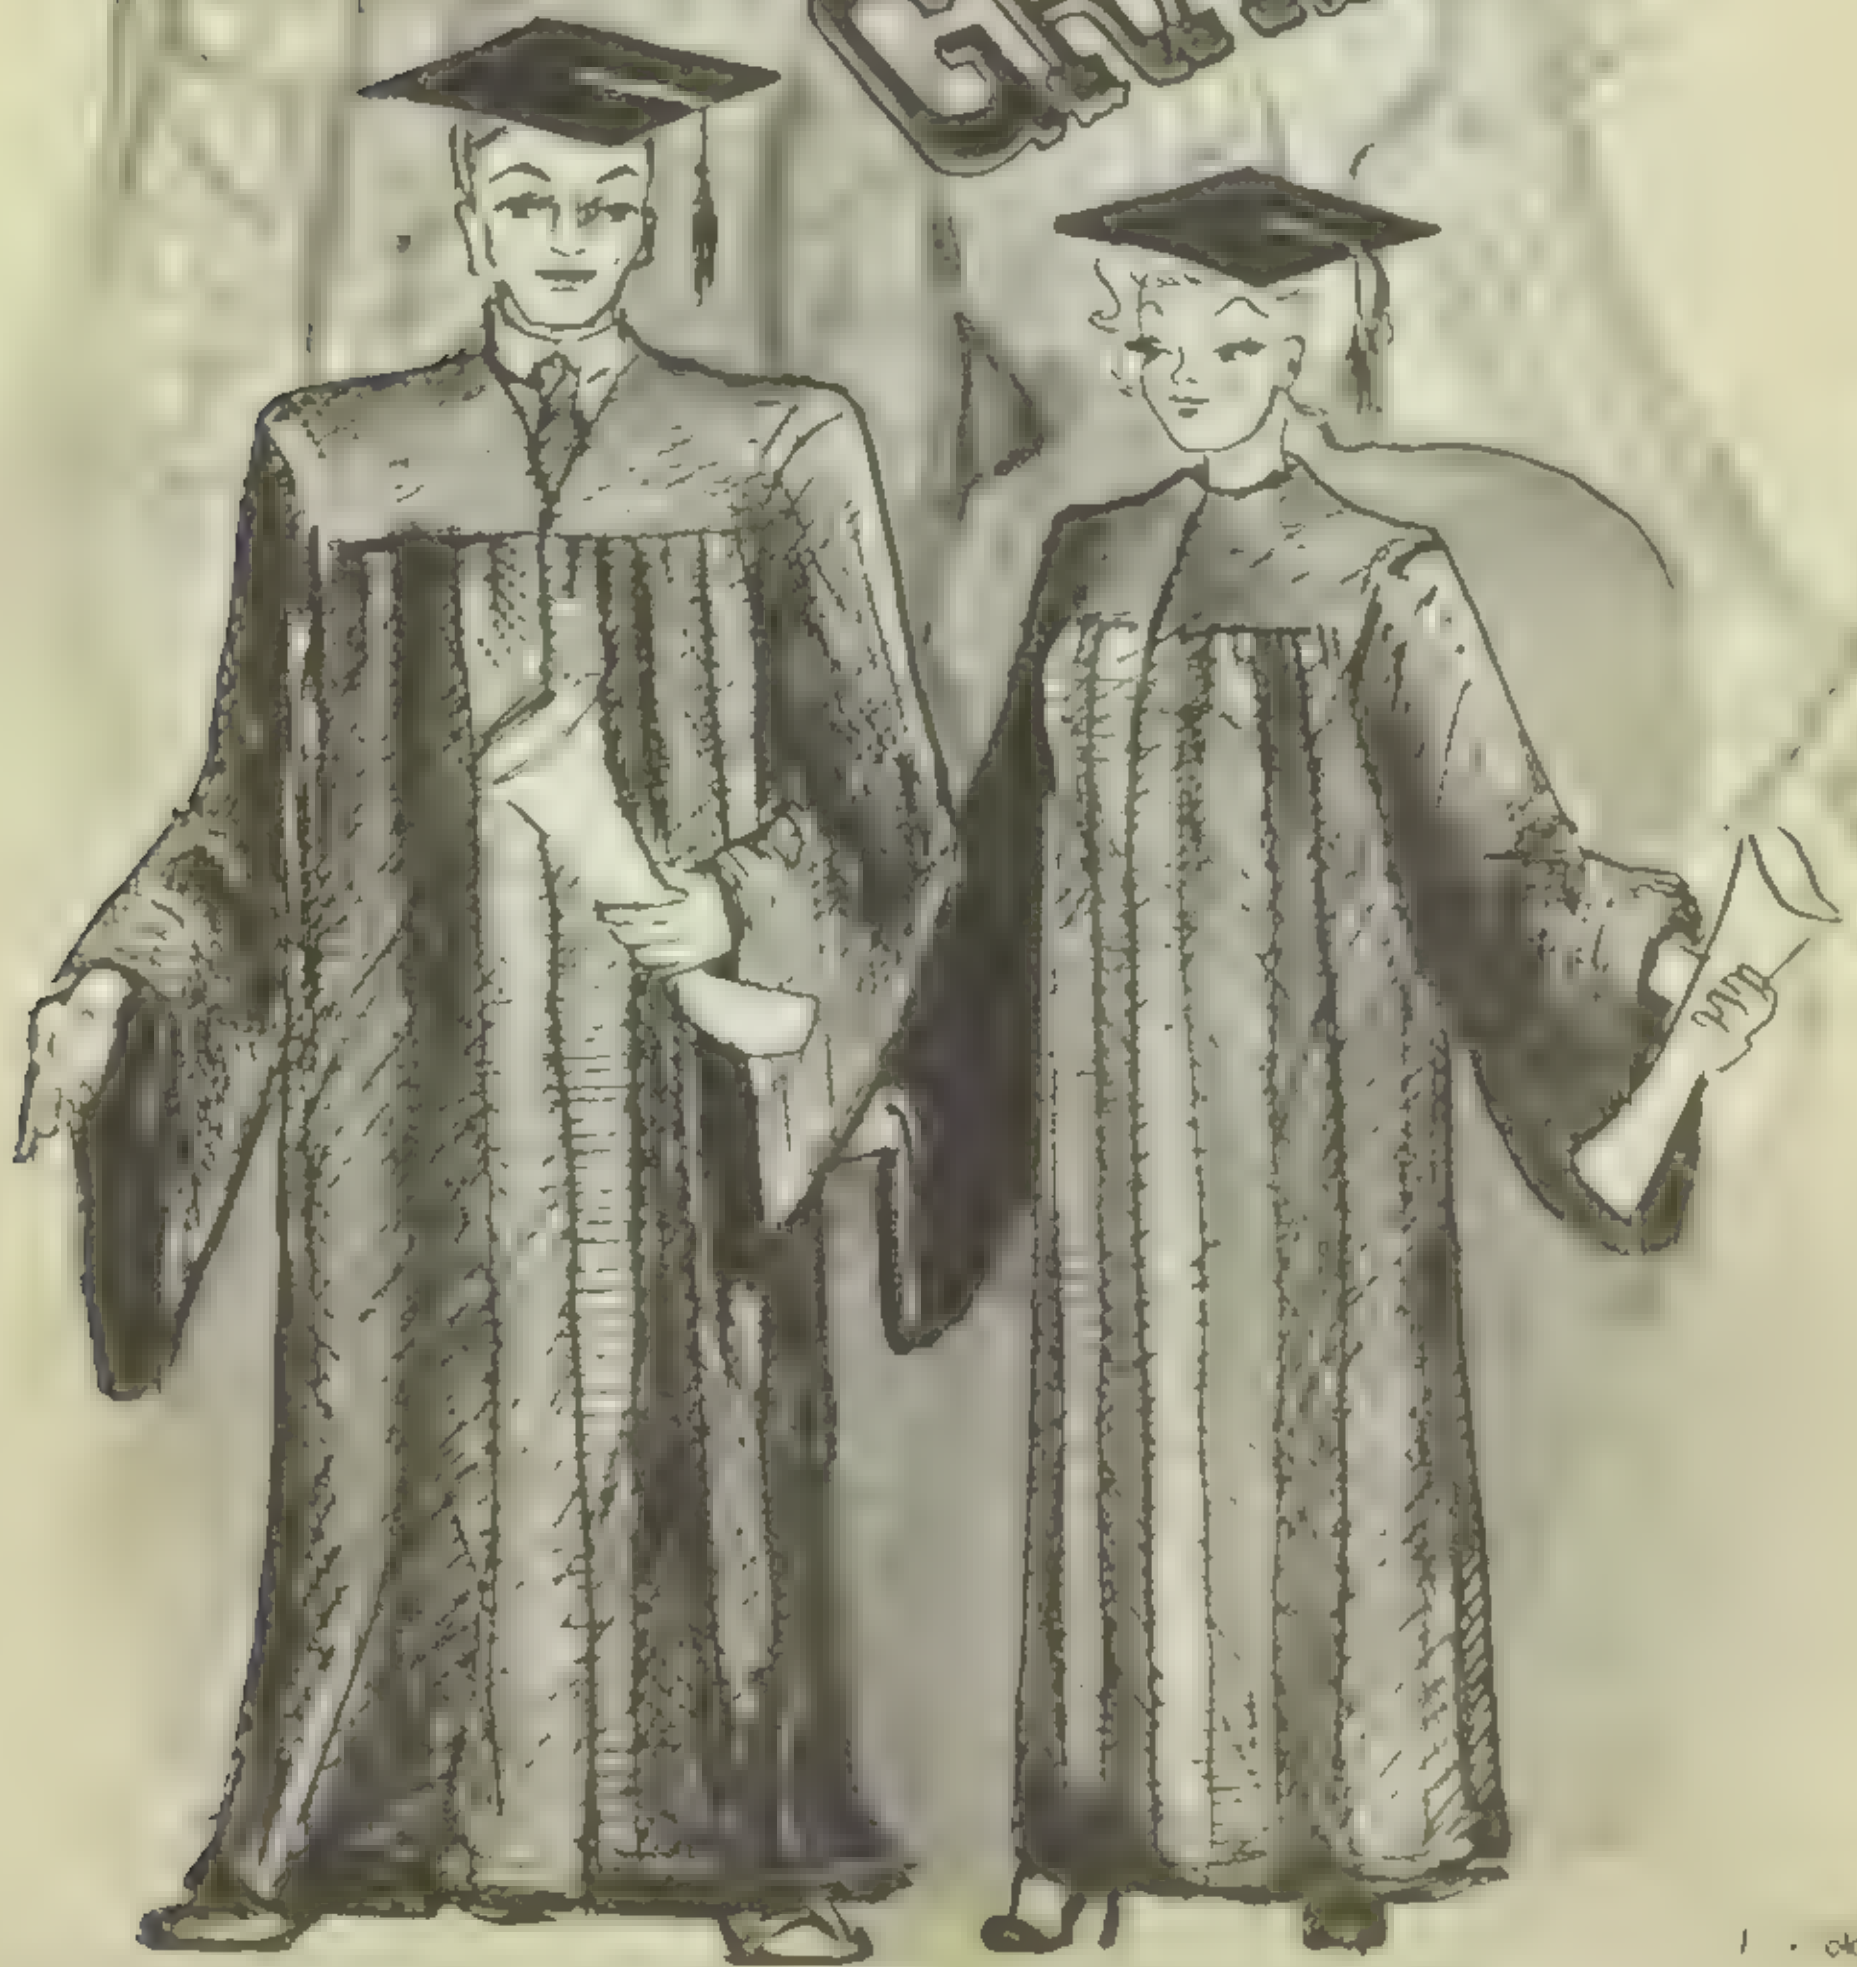

Remember our sophomore year? Remember how we rooted at football games, basketball games and swimming meets (We had just discovered what fun they were); how we dreaded the very thought of mark day; how we danced at the football hop and barn dance? Remember?

Remember the year we were juniors? Remember how elated we were the night of our prom; how we went to see the noon hour programs faithfully every day; how we cheered at the pep rallies; how we got caught in the big snow storm? Remember?

Remember our senior year? Remember how we looked down on the tiny freshmen and the even tinier seventh graders (They seem to get smaller every year.); how worldly we felt on cap and gown day; how excited we were the night of graduation? Remember?

Don't ever forget!

THE OFFICE

"May I help you?" graciously inquires an office secretary with a cheery smile. Cheerful and efficient are adjectives well attributed to the three office secretaries, for they give generously of their untiring efforts. Without their aid, Pulaski would be sorely tried to maintain its reputation for courteous service.

Education — a powerful factor in Wisconsin's
first Century of Progress.

A. E. Hestgaard

And now comes your opportunity to help
promote the second Century of Progress.

Walter L. Brauer

Spacious — the exact word for campus and building

Nature is the perfect frame for every picture

What visions can be captured by the human eye?

The majesty of man's genius — expressed in brick and steel

Angles and shadows

Windows that are the eyes of knowledge

In the vaunted works of art, the master's stroke is nature's part.

Soft, balmy breezes — a stately structure — and gay students in their leisure

To all the men and women who made our state, Wisconsin, great, we, the seniors of Pulaski High School dedicate this, our Cavalier of 1948. We high school students of today enjoy the many advantages that were secured for us through the courage, foresight and loyalty of these predecessors. This is a heritage to be cherished and preserved, a heritage of which we all may feel justly proud.

May 29, 1848 Wisconsin's admission to the Union the beginning
of a century of progress.

From the muddy ruts of the pioneer wagon wheels and the wakes
of the sailboats sprang the roads of human progress. Motivated by a
spirit of political and economic freedom the sturdy pioneers directed
their energies toward the development of industries government,
churches and schools in the Wisconsin Territory.

May 29, 1948 Wisconsin's one hundredth anniversary the cul-
mination of a century of progress.

The roads of the pioneer days have become the highways of one of
the most important states in the Union. They lead to flourishing farms
and thriving industries. Wisconsin's democratic schools have sent forth
leaders, whose thoughts have enriched the nation and ever encouraged
"that continual and fearless sifting and winnowing by which alone the
Truth can be found."
